

PRAMUDYA TAMIR INDRA PERMANA

Sidoarjo, Jawa Timur | +6285335322673 | ipramudya.dev@gmail.com | pramudyatamir.web.app

PROFILE

A software engineer with over **2 years** of hands-on experience, specializing in the development of interactive user interfaces using various modern front-end libraries, coupled with experience in designing and integrating APIs into applications. Committed delivering high-quality products and consistently bringing innovation into project.

EXPERIENCE

Frontend Engineer | PT Aksamedia

Surabaya, Sep 2022 - Dec 2023

- Developed an academic information system consisting of 3 entities including the administrator, teacher, and student using React.js and Typescript.
- Analyzed and integrated software engineering systems, including GitLab CI/CD, Sentry, and Netlify, significantly enhancing development efficiency and system reliability.
- Implemented highly scalable and reusable components, layouts, and user interfaces using Chakra UI.

Frontend Engineer | Freelancing

Sidoarjo, Jun 2022 - Jul 2022

- Designed and built a responsive portfolio app using SvelteKit Framework, displaying information and sales of the facial skin masks with a modern and informative user interface.

Fullstack Developer Intern | PT Andromedia

Surabaya, Feb 2022 - Jul 2022

- Analyzed existing data on a PostgreSQL through several ERP applications using Self-hosted Web Application Builder on top of Yii Framework written in PHP and Angular to maximize the development process.
- Maintained several ERP applications and collaborated with a product team to implement new ERP features.

Frontend Engineer | Freelancing

Surabaya, Jul 2021 - Aug 2021

- Created a responsive portfolio app using Svelte showcasing sales of mask products. The client successfully reached their customer and won the PIMNAS Competition in the fourth place.

PROJECTS

Medical Equipment Commerce App | Competency certification test

Surabaya, Oct 2023

- Produced a full-stack e-commerce app selling medical equipment using Node, React.js, Next.js, and Typescript.
- Integrated backend as a service, authentication, and mailing provider through APIs to facilitate several enterprise features using Supabase, Clerk, and Resend.

Internship Proposal App | University Project

Surabaya, Dec 2022

- Crafted and produced an internship proposal application, including an admin panel using Vue and Typescript.
- Leveraged Google Firebase to implement user authentication and secure data with Firestore Cloud database.

EDUCATION

UPN Veteran Jawa Timur

Surabaya, Aug 2019 – Nov 2023

Informatics

GPA: **3.88/4.00**, With Honor

Concentrations: Web & Framework Programming, ERP Application, Data Structure & Algorithm, Operating System.
